## Some facts about *Remembrance Day*; November 11:

1. *Remembrance Day* was first observed in 1919 throughout the *British Commonwealth*. It was originally called "*Armistice Day*" to commemorate armistice agreement that ended the *First World War* on Monday, November 11, 1918, at 11 a.m.—on the eleventh hour of the eleventh day of the eleventh month.
2. From 1921 to 1930, *Armistice Day* was held on the Monday of the week in which November 11 fell. In 1931, Alan Neill, Member of Parliament for Comox-Alberni, introduced a bill to observe *Armistice Day* only on November 11. Passed by the House of Commons, the bill also changed the name to "*Remembrance Day*". The first *Remembrance Day* was observed on November 11, 1931.
3. Every year on November 11, Canadians pause in a moment of silence to honour and remember the men and women who have served, and continue to serve Canada during times of war, conflict and peace. We remember the more than 2,300,000 Canadians who have served throughout our nation's history and the more than 118,000 who made the ultimate sacrifice.

*In Flanders fields the poppies blow  
Between the crosses, row on row,  
That mark our place; and in the sky  
The larks, still bravely singing, fly  
Scarce heard amid the guns below.  
We are the Dead. Short days ago  
We lived, felt dawn, saw sunset glow,  
Loved, and were loved, and now we lie  
In Flanders Fields.*

*Take up our quarrel with the foe:  
To you from failing hands we throw  
The torch; be yours to hold it high.  
If ye break faith with us who die  
We shall not sleep, though poppies grow  
In Flanders Fields*

## PEACE OFFICER'S CORNER

Hello everyone....

Please note that I have stopped many vehicles for the infractions (below) and do so as most drivers do not understand either the dangers or it is an offence. As I have said in the past, my first priority is to educate. I will continue to educate in these and other areas.

### First, Mudguards :

*Mudguards VER Section 64*

(1) A motor vehicle or trailer must have a part of its body, a fender or a mudguard that covers the width of each tire.

(2) The body part, fender or mudguard referred to in subsection (1) must be above each wheel and (a) extend downwards at the rear of each axle or axle group to at least the centre line of the axle, or (b) be a distance away from the ground equivalent to at least 1/3 of the horizontal distance from the bottom edge of the mudguard to the centre line of the axle, but not closer to the ground than 150 millimetres when the vehicle is loaded.

(4) A passenger car is not required to have a mudguard.

(5) This section does not apply to a trailer designed and constructed for drive-on and drive-off low loads.

A vehicle which is required to have mud flaps presents a serious danger to the vehicles behind while driving. Rocks debris, slush, water, or other materials can be splashed or shot onto the front windshield of a rear approaching vehicle. Spring, Fall, and Winter and the high seasons for this sort of danger due to the road conditions and material being sprayed on our roadways to better the road conditions. TO DATE I HAVE ISSUED 1 MUDFLAP TICKET.

### Second, window glazing (Tinting) :

*VER Section 70*

(1) A person shall not install, replace or cover the window glazing in a windshield or in a left or right side window of a motor vehicle that is beside or forward of the driver with a transparent, translucent or opaque material.

(2) A person shall not install, replace or cover the rear window glazing in a motor vehicle with a transparent, translucent or opaque material unless the motor vehicle has outside rear view mirrors on both the left and right that comply with section 74(2). Section 74(2) If the view in the rear view mirror is obstructed or interfered with in any way, a motor vehicle must have side mirrors on each side that give the driver a clear view of the roadway behind and on each side of the motor vehicle.

Tinting of the windows beside the driver/front passenger/front windshield, limits your ability to see, thru to side mirrors/shoulder checks/or roadway. This is especially dangerous at night when street lighting/vehicle lights, reflect off the glazing, which may dramatically limit the drivers visibility. TO DATE I HAVE WRITTEN 1 TINTED WINDOW TICKET.

Also a reminder that with snow approaching our graders and plows will be out cleaning streets. When the snow clearing signs go up, remember to move your vehicle to allow our machines to provide everyone with a clear roadway and front parking area. Keep in mind that vehicles left on a roadway that prevent street cleaning will be towed at the owners' expense as well as any storage costs

Ending on a positive note. Halloween is fast approaching. I hope all those who are out that night enjoy their evening and have a safe night!

Officer LEGGIO

## MAYOR'S CORNER

October 15, 2017

As I sit here reflecting on the upcoming Municipal Election, I remember that none of this would be possible if not for the Brave Men and Women who sacrificed their lives to protect our rights and freedoms, which allow us to partake in an election.

When I put this into perspective, I realize that whether I am your Mayor elect on October 16th or not, know that I have served you to the best of my ability. Know that I thank you for your support and the confidence in leading our Town, being the figure head of our Town and serving you for the past seven years. It has been my great pleasure to serve you and our Community.

I am a very proud Canadian, a very proud Albertan, and a very proud Calmarian! I love my Country and the people within it. November 11th is one day out of the year that allows us to show our respect and gratitude to all the Men and Women who so selflessly sacrificed their lives. To the families who lost their loved ones or who were lucky enough to have their loved ones come home and are dealing with the after effects of untold horrors, we thank you!

To the Men and Women who serve in Firefighting, our Law Enforcement, and our Emergency Service Workers, we say Thank you!

With this in mind, could I please ask everyone to come to the Legion on Saturday, November 11th to thank our Men and Women, past, present and future who serve with our safety in mind! Let us show them that they are never forgotten, and held in the highest regard. If you cannot attend a Legion to show your support, please share a moment of silence in their honour as you go about your busy day.

I believe we live in the BEST Country in the World! Bless you all!

Sincerely Yours,

Mayor Wally Yachimetz

Let's Make Calmar  
The Best Calmar It Can Be!

## AXIA OPEN HOUSE

**November 14, 2017 @ 6:30 PM**

**Calmar Secondary School Theatre Room**

A representative from Axia will be in attendance to answer questions from Calmar residents regarding their service. We will also have a signup sheet for residents wanting to “express their interest”.

The Canadian Diabetes Association became Diabetes Canada on February 13, 2017 to shed the light on the diabetes epidemic Canada is facing. It's taking a monumental toll on our health. <https://www.diabetes.ca>

Today, there are 11 million Canadians living with diabetes or prediabetes. Every three minutes, another Canadian is diagnosed. Chances are that diabetes affects you or someone you know.

### What is diabetes?

Diabetes is a chronic, often debilitating and sometimes fatal disease, in which the body either cannot produce insulin or cannot properly use the insulin it produces. Insulin is a hormone that controls the amount of glucose (sugar) in the blood. Diabetes leads to high blood sugar levels, which can damage organs, blood vessels and nerves. The body needs insulin to use sugar as an energy source.

### Test your risk for Type 2 diabetes annually.

1 in 3 Canadians has diabetes or prediabetes. Many don't know it.

There are many signs and symptoms that can indicate diabetes. Signs and symptoms can include the following:

- Unusual thirst
- Frequent urination
- Weight change (gain or loss)
- Extreme fatigue or lack of energy
- Blurred vision
- Frequent or recurring infections
- Cuts and bruises that are slow to heal
- Tingling or numbness in the hands or feet

Do you have an hour once a month you can spare?  
 Have some great ideas how to make Calmar the best it can be?  
 Want to be involved in your Community and help deliver its fantastic services?  
 We want you!

Media Backgrounder

Updated April 6, 2017

### **Fibre Investment:**

Axia is investing \$100 million in new fibre to the premise infrastructure to connect rural communities across the province of Alberta. This will allow rural residents to experience unparalleled connectivity and reliability at home and at their place of work. With Axia's high-speed fibre connection, customers in rural communities can expect enhanced and expanded services, as well as improved business productivity and competitiveness for their communities no matter how far they are situated from Alberta's two largest urban centres.

### **Superior Connectivity**

Fibre connectivity is future proof, enabling Albertans access to the digital world free of limitations. Fibre allows businesses to deliver high performance results in real time. It facilitates a range of activities including specialized medical procedures, pollution management, high-volume financial transactions and mobility as high performing wireless connectivity for mobility depends on access to fibre. In a residential setting, fibre connects Alberta families to the moments that matter.

### **Rooted in Alberta**

Founded in Alberta by Art Price, Axia has developed fibre optic communications infrastructure in Canada, the United States, France and Singapore. In its home province, Axia is currently active in Vulcan, Nanton, Barnwell, Nobleford, Stirling, Fort Macleod, Hanna, Pincher Creek, Raymond, Magrath, and Fairview. Axia has a long and successful track record of servicing Albertans with broadband access, having partnered with the Government of Alberta almost two decades ago to pioneer the SuperNet - a unique, high-speed fibre network that effectively connects urban centres and rural communities. In late July 2016, Axia and the Partners Group jointly announced the completion of a share acquisition that has provided Axia with access to significant capital for future investment, which includes this \$100 million earmarked for rural Alberta.

### **Fibre to the Premise**

Axia is empowering rural Alberta communities to express their desire for faster, more reliable Internet services. Essentially, Axia will evaluate fibre investment in communities who mobilize 30% of their residents and small businesses to submit an expression of interest at [www.axia.com/alberta](http://www.axia.com/alberta). Once the community hits 30%, Axia will evaluate for fibre investment.

### **What is #FibreTown**

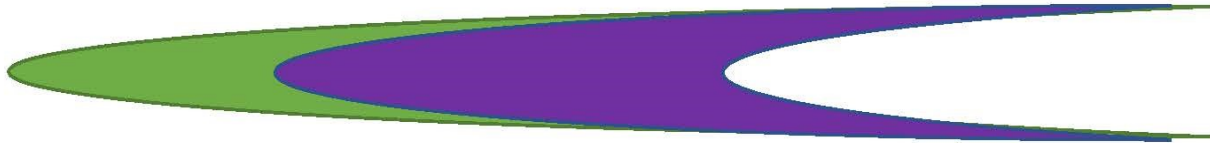

An Axia #FibreTown is a community who collectively understands the economic advantage and the need for the ultimate digital connectivity. In order for their community to thrive, they understand that updated infrastructure is essential to the longevity and sustainability of their town.

### **About Axia**

We don't believe the Internet is something that should ever be restricted, by speed, or reliability, or usage. It was created to be open to all. And, now that it's more a part of the fabric of life than ever before, we believe everyone, everywhere, should have the right to choose the fastest, most reliable possible access, with no limits.
