DID YOU KNOW...

- In 1915, John McCrae, a doctor serving in the Canadian Artillery, wrote the famous poem *In Flanders Fields*.
- Canada adopted the poppy as the symbol for Remembrance Day in 1921.
- Approximately 21 million poppies are distributed across Canada every year.
- The Royal Canadian Legion suggests that the poppy be worn on the left lapel of a garment and as close to the heart as possible.
- Poppies were the first flowers to bloom on the battlefields in Belgium and France during the First World War.

FROM THE RECREATION DEPARTMENT

As the temperatures start to drop we start to enter the holiday season. This year's Xmas in the Park will take place on Thursday 28 November (weather permitting) at Woodland Park from 6 – 8:30 p.m. The sleigh rides have been booked so let's hope the weather is much like last year when you barely needed a coat! We plan on having some arts and crafts for the kids as well as hot chocolate and cookies for everyone. This marks Calmar's official kick off to the holiday season which will continue with....

The annual Calmar Craft Fair Saturday 07 December at Calmar Elementary School. From 10 – 4pm come and visit the many vendors and hopefully cross some names off of your "Presents to Buy" list. Coffee, Pucks, & Poutine will be running the concession at the sale so if you get hungry or thirsty, we've got you covered.

At the time of this article's typing, there is still room for more vendors. Unlike last year, we are capping the number of vendors so everyone can be in the gymnasium. We are also giving top priority to those vendors who are actually selling hand/homemade items.

Don't forget the Annual Christmas Decoration contest for your home. Winners will be announced at First Night.

The holidays are often a time of family so don't forget to get that special picture or story that shows what family means to you for our 2nd annual Family Day contest in February. All submissions must be made by Friday 07 February so the Recreation Board can select the winner(s) at its 19 February meeting. And yes, that is 2 days after Family Day but it's the thought that counts, isn't it?

A firm had been selected to begin design work on the "Zolner" Park project but now that project has been put on "Pause". Now, before everyone goes "Here we go again", let me explain.

At its meeting of 07 October Town Council realized that in wanting to get a Recreation Master Plan (RMP) created, the plan could have ramifications for the current location of the ball diamonds and the current preliminary plans for "Zolner". As such, they realized it would be the best use of taxpayer's dollars to get the RMP done first before doing something with "Zolner" that might then have to be changed because of the RMP. While this does delay things, it should do so by no more than a year and if it means not (unintentionally) wasting taxpayers' dollars, then this delay will be more than worth it.

The Recreation Board saw some changes recently with switching of Council representatives. Now on the Rec Board are Mayor Wally Yachimetz and Councilor Don Faulkner. Thank you to Councilors Krista Gardner and Keith Froese for the time and effort they put into the Recreation Board and its activities.

Congratulations to Economic Development and Calmar Secondary School for a very successful 3rd Annual "Nowhere to Run" back on 04 October. There were over 100 participants who helped raise funds toward mental health and walking trails in our Town.

In closing, "Thank you!" to the Hi-way 39 Slo-Pitch league for putting up 'dugouts' at Diamond 1. They not only look nice but will definitely give users of that diamond relief from Mother Nature, whether she be sunny, windy, or rainy. Over the next few years Hi-way 39 hopes to get 'dugouts' installed at the other 2 diamonds as well.

We can accomplish all that we need to do, if we work together.

Local impact investing is when individuals work together to direct their own private capital towards local businesses and development. It involves citizens playing an active role in the economic development activities that occur in their community. Local investing has been an effective strategy to build capacity and connections within communities, and to provide better footing to address issues such as out-migration, vacancies on main street, and to retain wealth in communities.

Are you intrigued?

Does this sound like something you can get behind?

Do you have ideas about business and development projects that will enhance our community?

Do you want to invest safely & securely in local projects?

Can you help raise capital?
