## MAYORS CORNER

*Welcome June, we are ready for summer! But could we ever use some rain!*

I would like to start off first by saying Happy Father's day to all the amazing fathers out there. We appreciate the bonds you hold with all the important people in your lives, whether biological, adopted or otherwise a part of your family. We hope that on June 18, 2023 you have an amazing day and enjoy time with family and loved ones.

The Town is experiencing a growing number of concerns over a few items within town such as, stray or unattended animals, unsightly yard spaces, and excessive noise. I would like to remind all residents and visitors to our community that it takes all of us to have a safe and peaceful community. Our bylaws are in place to help people understand the rules and to help create an enjoyable, comfortable community. If you are unfamiliar with any particular bylaw, please reach out to the Town administration for a copy or visit our website. If we can't work together there may be a need to enforce some of these bylaws.

Taxes notices have been completed and sent out to all property owners. Council worked hard to keep our mill rates as low as possible this year while continuing to work towards our level of service goals, increase communications and relations with our business community and to continue to market Calmar as a place to be. Reminder to all that taxes are due by June 30th to avoid late penalty. If you want to be on the monthly payment plan please reach out to the office to be setup.

Check out the town website and social media posting for the many upcoming summer events. We have summer camp programs for the children and youth, there will be a new Canada celebration in Calmar this year with many items and of course the always popular Calmar days in August. The Market on Main has returned to its green space along highway 39 and council will be at the market throughout June/July& August if anyone is interested in having a visit with council or administration.

To end I would like to recognize that June is Pride month and thank the LGBTQI community for there contributions to communities though the world. I personally recognize the challenges faced by this community and ask that all of us treat each other with respect and humanity as we are all people.

Sincerely Yours,

Sean Carnahan, Mayor

Calmar a great place to call Home

# Ask your CAO

Summer is just around the corner, and we notice that more residents are outside enjoying their yards. Doing this in a safe and respectful manner to your neighbours, friends, and family should always be a high priority. To ensure that residents can enjoy their yards, we ask that everyone, which includes owners and renters, do their part.

The Town of Calmar Land Use Bylaw regulates objects prohibited or restricted in yards (section 7.17 of the bylaw). The bylaw dictates that no person shall keep in any yard in residential district any objects that are deemed unsightly by the Development Authority. The purpose of this section is to ensure that yards are aesthetically pleasing, safe, and enjoyable. Having cleaned and well-maintained yards also reduces the opportunity for pests and wildlife to establish themselves on your property and facilitates the elimination of noxious weeds.

I have driven around town on many occasions, and I have to say that most properties have clean, well-kept yards. These properties reflect well on their residents. A great kudos to all those residents for being great neighbours and great ambassadors for Calmar.

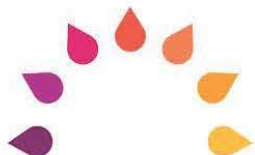

Unfortunately, there are a few properties where various types of objects/materials (such as tarps, parts, equipment, gears, garbage, lumber, pipes, etc.) are located all over the yard. Sometime, these objects/materials can be blown by the wind onto other properties in the area. The town has been receiving complaints about unsightly yards in the last few weeks and will be preparing an enforcement strategy to ensure that the bylaw is being followed.

If you have any items/objects on your property that you need to dispose of, please remember that you can always bring these to the landfill and/or the Eco Station in Leduc, pending what the items/objects are. Selling some of your extra items/materials is also a popular option I have been told.

Over the next few days, we will use our website and social media to communicate more information about yard management/maintenance and the enforcement strategy. Should you have any questions, do not hesitate to reach out to the Town Hall.

Until next time, stay safe, enjoy the summer, and be kind and respectful to each other.

*Sylvain*

# Peace Officer Corner

Good day Town of Calmar....

Winter is finally gone, and the warmer weather has arrived. With that comes some needed upkeep with our homes and responsibilities with our pets.

The snow had covered yard issues that this warmer weather has now uncovered. Unsightly properties need to be looked after as well as the dog feces that was buried in snow. Please make sure to use this warm weather to address these issues that will only cause future problems.

With respects to warmer weather and pets. Pet complaints are off the charts. Dog bites, dogs barking, dog at large, dogs off leash while off owner property, cats at large, cats in flower beds. The first two weeks of May brought in over 100 calls for service. When the question is asked if I have better things to do than deal with pet and unsightly concerns, the answer is YES, but I can't deal with more pressing concerns when the volume of animal and yard complaints are taking up my time.

Fires are always a concern at this time of year. We had a fair size fire at the east side of Calmar that could have easily turned into a problem had it not been for the quick response of Leduc County Fire, and the help of a dozer in the area. If a fire ban and OHV ban is posted, these need to be respected as we ban these for the safety of the town. To those who choose to ignore and flaunt their contravention to these bans, I look forward to seizing your OHV, writing large penalty violation tickets, or adding to your to do list by sending you to court. To those who understand the need for such action and help keep this town safe by adhering to these bans, I want to thank you for your help in ensuring our town is not the next one to be evacuated.

The best part of my job is to see kids out playing, ball diamonds full and active, social gatherings around a backyard fire, lawn chairs with neighbors on the driveway, and the smell of a good barbeque happening throughout our town. We've gone through some tough times and now are being asked for only a little more understanding and consideration for your neighbors. The compliments that I hear daily about our town come when our flowers are hanging on main street, our homes are tidy for visitors who come to our garage sales, and the friendly Calmar citizens who are out for a walk, at the parks with their kids, or just enjoying a picnic at the spray park.

Each of us, and our homes, are the postcard and advertisement for those who are thinking of either making Calmar their home or location for their business. Please help to keep our community a desired location to visit or call home.

Enjoy a steak on the barbeque, smile when your kids laugh or smile, shake the hand of your neighbor who has been hibernating for the winter like the rest of us, and enjoy the warmer weather with those that matter most in your life.

Stay Safe,

OFFICER LEGGIO

## Property Taxes

The Town offers a penalty free payment plan specially for Tax Accounts.

You can sign up anytime through out the year! (You will need to pay up front for the months that have already passed to stay caught up.)

All you need is a signed Pre-Authorized Debit form and a VOID Cheque/Direct Deposit form from your bank. No missed due dates and penalties, no need to renew every year. Just an automatic withdrawal from your account once a month.

The payment is calculated based on your most current levy.
