CALMAR EMERGENCY MANAGEMENT SERVICES

Coming soon - Tips and information on what to do if an emergency occurs will be added as a drop down menu to the **Emergency Management** tab on our website.

Calmar will be launching the **Registered Reception Centre Program (RRCP)**. Instruction and usage will be presented in an open house scheduled for July 12, 2024.

RRCP monitors the movement of families from one facility or region to another, ensuring evacuees are accounted for during a large-scale or complex emergency.

The new online registration system will also be used for emergencies that do not require an evacuation.

Shelter-in-place emergencies may include a hazardous material spill, train derailment, active shooter in the area, or a storm that has caused a power outage or debris on the road.

Residents will be able to register themselves and their pets.
